LOOKING UP

SIGNING UP

*Signing up, we are in! We feel at last a part
of Wiley and that Wiley is a part of us. Our
hopes and aspirations come true. Our careers are begun.*

*To a man who has been synonymous with
Wiley for as long as we, the class of '49, can
remember, symbolizing the teachings, friendliness
and guidance of Wiley*

*To a man who has given us a new respect
and higher regard for teachers as an important
influence in our lives, philosophies and future
happiness*

*To a beloved teacher, friend, Joseph
Lacey, we dedicate this Wileyan.*

Since the first football game was played in 1869, the sport has grown into a major American pastime. The National Football League (NFL) is the premier professional league, while the National Collegiate Athletic Association (NCAA) governs college football. The sport is played by millions of people across the United States and around the world.

The game is played on a rectangular field called a football field, which is 100 yards long and 53 1/3 yards wide. The field is divided into three equal parts called quarters. The game is played between two teams of 11 players each. The objective of the game is to score points by advancing the ball down the field and kicking it into the opponent's end zone. The game is played in four quarters, with a 15-minute break between the first and second quarters, and a 30-minute break between the third and fourth quarters.

PLAY BALL!

When the sun is shining and the wind is blowing, there is nothing more refreshing than a game of volleyball on the beach. The players are all wearing light-colored shirts and dark shorts, and they are all smiling and having fun. The game is in progress, and the ball is in the air. The players are all jumping and reaching for the ball, and the crowd is cheering and shouting. The scene is a perfect example of a fun day at the beach.
